Modules

Repository URL

svn://localhost/gameoflife/trunk

Local module directory (optional)

.

Add more locations...

Check-out Strategy

Use 'svn update' as much as possible

Use 'svn update' as much as possible

Use 'svn update' as much as possible, with 'svn revert' before update

Repository browser

Emulate clean checkout by first deleting unversioned/ignored files, then 'svn update'

Always check out a fresh copy
