

☒ IRC Notification

Channels

Delete

Add

Name/password pairs of IRC channels (Password is optional)

Notification Strategy

all

When to send notifications (all = always, failure = on any failure, failure and fixed = on failure and fixes, change = only on state change)

Notify on build starts

☐

Whether to send notifications to channels when a build starts

Notify SCM committers

☐

Whether to send notifications to the users that are suspected of having broken this build

Notify SCM culprits

☐

Also send notifications to 'culprits' from previous unstable/failed builds

Notify upstream committers

☐

Whether to send notifications to upstream committers if no committers were found for a broken build

Notify SCM fixers

☐

Whether to send notifications to the users that have fixed a broken build

Channel Notification Message

Summary + SCM changes
